

EXTENSIONS OF REMARKS

HONORING THE LIFE AND SERVICE OF JERRY DESMOND

HON. JOE COURTNEY

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

Monday, January 10, 2022

Mr. COURTNEY. Madam Speaker, I rise today to mourn the passing of dedicated public servant, Captain Jerry Desmond, of Stonington, Connecticut. Mr. Desmond tragically passed at the all too young age of 63 on Friday, December 24, 2021 after a courageous battle with cancer.

Born in 1958 to James and Phillis Desmond in Weymouth, Massachusetts, Jerry attributed his strong work ethic to the model of his parents. From an early age, Jerry was instilled with the value of giving whatever task or challenge laid before him a full "100 percent." This principle guided him through life to the very end, even during his arduous battle with cancer which he did so with an infectious sense of optimism and the can-do attitude that defined his life.

At the age of 5, Jerry moved with his family to Stonington, putting him on a destined path to become an integral part of the local community. The Stonington Public Schools had such an immense impact on him that upon graduating he went on to serve as a substitute teacher and tutor beginning in 1976. This role existed as a further point of inspiration for Jerry, who attended Southern Connecticut State University and earned a Bachelor of Arts of Education.

Though upon graduating he was unable to immediately bridge to a career in teaching, Jerry remained undeterred in his ultimate mission to give back to the community that helped raise him. As someone who was able to appreciate the larger picture, Jerry used the athletic prowess he formed in high school and joined the local police force while simultaneously taking up the role of assistant coach for Stonington High School's football and track and field teams. In addition to football and track and field, Jerry coached the local woman's gymnastics team through to his final moments. A fierce optimist who believed in the value of hard work, Jerry was a perfect fit for the Stonington Public School's athletic programs. He appreciated working with the town's youth—passing onto them the same values taught by Jerry's parents before him—and viewed that work as one of the most rewarding parts of his career—especially enjoying his time as Stonington Police Department's Youth Officer.

Jerry would eventually return back to school and advance his background in education, graduating from the FBI Training Academy in Quantico. He also received a Masters in Homeland Security Leadership from the University of Connecticut. Aimed with a revitalized education, Jerry went on to teach as an adjunct professor at the nearby Mitchell College, in New London, Connecticut.

Of course, the pinnacle of Jerry's career was his remarkable 35 years of service to the

Stonington Police Department, 17 of those years as Captain of the Department. During that time, he helped oversee the department's marine unit and was involved with the dive team and acted as a boating instructor. He was instrumental in the awarding of a \$375,000 federal grant to the Department for a new police boat which went into service in 2014. That same year, Jerry retired from the department. Not content to accept a sedentary retirement, however, Jerry used his spare time to begin a new career with the Department of Energy and Environmental Protection as its Boating Safety and Education Representative, maintaining the role of teacher to the very end.

Madam Speaker, it is an incredible honor to represent constituents as loyal to the future of their community as Jerry. I had the privilege to interact with him as congressman and can attest to his diligent professionalism and down to earth personality which was so engaging. Jerry's life was defined by his love for teaching and giving to his community. His actions touched thousands of people, and he served as an excellent role model for Stonington's next generation. Though the gap left by his generous and caring nature could not hope to be filled in the Stonington community, we can find relief in the reality that those whose lives were enriched by Jerry's presence will not soon forget his example. To that end, I ask that my colleagues and this chamber join me in observing the loss of Jerry Desmond.

CELEBRATING THE 100TH BIRTHDAY OF VETERAN ROBERT TIF-FANY

HON. JIM BANKS

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Monday, January 10, 2022

Mr. BANKS. Madam Speaker, I rise today to honor the service of Mr. Robert E. Tiffany of Angola.

On Saturday, January 29, Robert will celebrate his 100th birthday. On behalf of the United States Congress, I want to congratulate him on this wonderful occasion. We hope his heart is filled with joy knowing he has experienced our country's greatest blessings, including the affection of family and friends over a long, well-lived life.

Our Nation owes Robert a debt of gratitude for his dedicated service to our country while serving in the United States Army Air during World War II. Like many of the Greatest Generation, he enlisted following the Japanese attack on Pearl Harbor. In piloting B-17s over Europe, Robert took part in the Allied strategic bombing campaigns against the German war machine. By the time he left the Army in 1944, he flew a total of 23 missions.

Following his departure from service, he returned home, where he established a career, raised a family and lived out the American Dream. This record is a testament to his service and an appeal to future generations of Americans, that they too may answer the call to help keep lit the torch of American liberty, just as Robert did.

May God Bless him, and may God Bless the United States of America.

RECOGNIZING THE LIFE AND CAREER OF DR. KEN HARVEY

HON. TRENT KELLY

OF MISSISSIPPI

IN THE HOUSE OF REPRESENTATIVES

Monday, January 10, 2022

Mr. KELLY of Mississippi. Madam Speaker, I rise today to celebrate the life and career of Dr. Ken Harvey who is retiring from medical practice after 37 years of serving the Tupelo community. I am so grateful for his dedication to keeping our State healthy and thank him for his lifetime of service.

Dr. Harvey is a native of Picayune, Mississippi where he graduated from Picayune High School in 1967. He went on to attend Mississippi College where he studied chemistry. He returned home to work in research at Crosby Chemicals. While there, he experienced an accident that introduced him to a doctor who inquired why he never considered medical school. He was skeptical at first, but eventually went on to attend the University of Mississippi School of Medicine and graduated in 1977. He stayed there for his residency in internal medicine. He attended on scholarship from the U.S. Air Force and was assigned to Columbus Air Force Base.

Upon completing his assignment, Dr. Harvey joined a practice in Tupelo founded by Drs. Tannehill, Lummus, Murphey and Wood. They were remarkably busy both in their clinic and at North Mississippi Medical Center. In 1993, these doctors formed the IMA Foundation and worked with North Mississippi Health

Services. Dr. Harvey is known for continuing to see patients long after their standard term of care. He still sees patients from his early days of practicing as well as patients from Columbus Air Force Base. He is truly dedicated to all he has worked with.

While Dr. Harvey has missed practicing medicine, he enjoys spending time with his wife of 46 years, Patricia, and their son Jeff. In his free time, he hopes to travel and enjoy Ole Miss sports.

I am grateful for the outstanding care Dr. Harvey has provided to North Mississippians for nearly four decades and wish him well in this new chapter of life.
